

WEB DESIGN & DIGITAL GROWTH PARTNERSHIP

Service Summary & Agreement Overview

A complete breakdown of what's included in your website design, hosting, SEO, and ongoing support package.

What's Included in Your Package

This document provides a complete overview of the services included in your agreement with UX Labs Pro. It covers everything from the initial design and development of your website, through secure hosting, ongoing maintenance, and organic SEO optimization, to branding support and continued partnership as your business grows. Please review each section closely, as it reflects the full scope of work, deliverables, and ongoing commitments agreed to by both parties for the duration of this engagement.

ONE-TIME PACKAGE FEE

\$399

Includes design, development, hosting setup, and launch

DISCOUNTED RATE — SPECIAL OFFER

1 Website Design & Development

- Fully customized website built to match your brand identity and business goals.
- Modern, responsive design (mobile, tablet, and desktop friendly).
- Fast-loading, secure, and user-friendly interface.
- Built with scalability in mind to support future growth.
- Easy-to-manage custom platform with a built-in editor for easy updates.

2 Website Hosting & Maintenance

- Reliable, secure hosting for 24/7 website availability.
- Automatic backups and site monitoring to ensure uptime.
- **HTTPS certificate** and **TLS/SSL encryption** included for security and trust.
- Ongoing maintenance to ensure compatibility with the latest technologies.

3 Organic SEO Optimization

- On-page SEO setup (meta titles, descriptions, headers, alt tags, keyword placement).
- Local SEO targeting to boost visibility in your area. *(If applicable)*
- Content structured for search engine indexing and user engagement.
- Integration with Google Analytics and Search Console for performance tracking.
- Continuous optimization to improve rankings over time.

4 Logo Development & Branding Support

- Professional logo design (if requested).
- Multiple concept options with revisions.
- Final delivery in all file formats for both digital and print use.
- Brand styling guidance (colors, fonts, usage recommendations).

5 Ongoing Support & Partnership

- Dedicated project manager to handle communication and requests.
- Strategic guidance on website growth and marketing integration.
- Priority support for troubleshooting and urgent updates.

+ Optional Add-On Services

Available for an additional fee

Need more from your website down the road? The following services are available as add-ons, tailored to your business needs:

- + Custom functionality, tools, or platform integrations
- + Unlimited monthly edit requests
- + Social media marketing & management
- + Content creation and blog posting
- + Other custom services tailored to your specific business needs

Security & Trust: Every site is delivered with HTTPS certificates and TLS/SSL encryption active from launch, keeping your visitors' data protected and your site trusted by browsers and search engines alike.
