01 Scope of Services

UX Labs Pro will provide professional Facebook Page setup, ongoing management, and consistent content designed to maintain an active and engaging online presence for the Client's business. The subscription includes the following services.

- 1 Facebook Page Creation & Setup**
Professional setup and optimization of the business Facebook Page, including branding, business information, contact details, and website links.
- 2 Scheduled Weekly Updates**
Consistent weekly content updates scheduled and published at optimal engagement times based on the client's local audience and location.
- 3 Branded Content & Graphics**
Professional, on-brand visual content designed to maintain a consistent online presence.
- 4 Content & Caption Writing**
Engaging, business-focused copy tailored to the client's services and target audience.
- 5 Automated Message Responses**
Automated responses to incoming Facebook messages, providing an immediate acknowledgment and directing inquiries appropriately. Message notifications and inquiries will be forwarded to the client for follow-up.
- 6 Page Information Updates**
Ongoing updates to business hours, contact information, services, website links, and other relevant page details.

7 Seasonal & Promotional Content

Relevant holiday, seasonal, promotional, and business-related updates when applicable.

8 Basic Page Monitoring

Regular monitoring of page activity, comments, and messages, with items requiring client attention flagged accordingly.

9 Monthly Content Planning

Planning upcoming content around the client's services, promotions, seasonal opportunities, and audience interests.

02 Scope Boundaries

The services above define what is included in the subscription. Requests that introduce materially new services, such as paid advertising management, additional social media platforms, video production, website work, or a substantial rebrand, may require a separate written quotation. UX Labs Pro will communicate any additional cost before beginning such work.

The subscription covers page management and content publishing. It does not include live customer service, and UX Labs Pro does not respond to customer inquiries on the Client's behalf beyond the automated responses described in Section 01.

03 Client Responsibilities

- Provide accurate business information, images, logos, service details, promotions, and other materials reasonably needed to deliver the services.
- Grant and maintain the access UX Labs Pro needs to manage the Facebook Page, such as administrator or partner access through Meta Business Suite.
- Follow up promptly on message notifications, inquiries, and flagged items forwarded by UX Labs Pro. Responding to customers is the Client's responsibility.
- Review content and provide feedback within a reasonable timeframe. Where no feedback is received, content that follows the monthly content plan may be published as scheduled.
- Promptly notify UX Labs Pro of changes to business hours, contact details, services, pricing, or promotions.
- Ensure that all Client-provided content and materials may legally be used on the Page and do not infringe third-party rights.

04 Fees & Billing

#	DESCRIPTION	PRICE	AMOUNT
1	Facebook Page Management Recurring monthly subscription	\$60.00 / mo	\$60.00 / mo
Subscription			\$60.00 / month
Recurring Monthly Total			\$60.00 USD

The subscription is billed monthly on a recurring basis, with the first payment due upon acceptance of this Agreement and each following payment due on the same date each month. Fees are as stated in this Agreement unless a change is agreed in writing.

Services may be paused if a recurring payment is overdue. Scheduled content, page updates, and monitoring resume once the account is current.

05 Automated Message Responses

Automated responses provide an immediate acknowledgment of incoming Facebook messages and direct inquiries appropriately. They are not a substitute for a personal reply. Message notifications and inquiries will be forwarded to the Client for follow-up, and the Client is responsible for responding to those inquiries in a timely manner.

06 Third-Party Platforms & Costs

Facebook and Meta Business Suite are third-party platforms. UX Labs Pro does not control their features, algorithms, policies, availability, or reach, and changes to them may affect how the services operate. Unless expressly included in writing, third-party costs remain the Client's responsibility, including paid advertising spend, boosted post fees, and paid stock media.

07 Content, Ownership & Access

The Client retains ownership of the Facebook Page, its followers, and all materials supplied by the Client. The Client may continue to use the content and graphics published on the Page for its own business purposes. UX Labs Pro may retain reusable templates, design methods, and other pre-existing materials that are not unique to the Client. Third-party fonts, stock assets, and licensed materials remain subject to their respective licenses.

08 Results Disclaimer

Consistent, well-planned content supports a stronger online presence, but follower growth, reach, engagement, inquiries, and sales depend on factors outside UX Labs Pro's control. UX Labs Pro does not guarantee any particular level of followers, engagement, traffic, leads, or revenue.

09 Term & Cancellation

This Agreement begins on the Effective Date and continues month to month until cancelled. Either party may cancel by giving written notice, including by email, before the next billing date. Cancellation takes effect at the end of the current paid month, and fees already paid for the current month are non-refundable. Upon cancellation, UX Labs Pro will stop publishing content and will remove its access to the Page on request. The Client keeps the Page and the content already published on it.

10 Limitation of Liability

To the extent permitted by applicable law, UX Labs Pro will not be liable for indirect, incidental, special, consequential, or lost-profit damages arising from the services, including any suspension, restriction, or removal of a Facebook Page by the platform. UX Labs Pro's aggregate liability relating to the services will not exceed the amount paid by the Client for the most recent month of service, except where such limitation is prohibited by law.

11 Confidentiality

Each party agrees to use reasonable care to protect confidential business, financial, and account information received from the other party, including access credentials, and to use such information only as reasonably necessary to perform or receive the services.

12 Portfolio & Marketing

Unless the Client requests otherwise in writing, UX Labs Pro may identify the Client's Page and published content as part of its portfolio and may display screenshots or links for promotional purposes, subject to reasonable respect for the Client's confidential information.

13 Agreement & Acceptance

This Agreement constitutes the agreement between the parties regarding the Facebook Page Management services. By signing below, each party confirms that it has read and understood this Agreement and agrees to the terms applicable to the services described herein.
